RECREATION BOARD TO USE S. A. D. #44 GOULD FIELDS

This week the Recreation Board secured permission from S. A. D. #44 for the use of the fields at Telstar, Crescent Park School and Ethel Bisbee School. This use is not to conflict with school activities. Gould Academy has also given the Board permission for the use of some of its fields.

Since the Recreation Board has

been given the responsibility of co-ordinating the use of the fields, to avoid conflicts, any organization conducting games or events must clear it through the Recreation Board.

The Board will also assist organizations in finding a suitable site for their activities.

A skateboard competition will be sponsored by the Recreation Board during the 4th of July week end. Slalom and freestyle events will be among those included in the competition.

Watch for more details soon. In the meantime sharpen your skills and get yourself ready for the big day!

COMMENTS FROM THE TOWN MANAGER'S OFFICE

The revaluation of properties in Bethel has been completed and notices of real estate and personal property values are being mailed to all property owners this week. Hearings will be held at the Town Office next week to enable property owners who are not satisfied or who have questions regarding the value placed on their property to discuss their concerns with representatives of the Sewall Co. Hearings regarding real estate values will be held from 1 p. m. to 7 p. m., June 1, 2, and 3 and hearings regarding personal property values will be held Saturday, June 5, beginning at 11 a. m. Property owners desiring to talk with the Sewall Co. should call the Town Office between the hours of 8 a. m. and 5 p. m. week days to make an appointment. It should be noted that the Town Office will be closed Monday, May 31, in observance of Memorial Day.

The revaluation process of establishing 100% market values on properties has to be completed before the town can establish a tax rate for this year. It is anticipated that the review of property values will be completed by early July and that the 1976 tax rate will be set in August.

The Radio Study Committee met Thursday night, May 20, at the Fire Station and developed recommendations for submission to the Selectmen. The Committee recommended that the Town purchase the following items for the Fire Department: (1) A base station with remote hook-up with the Town Office; (2) three mobile units to be placed in the No. 1 pumper, No. 2 pumper, and No. 1 tank truck; (3) A Converter-Com portable continued on Page Four

Hearings will be held by the board on these matters this Thursday evening. Also this evening a hearing on another unrelated matter of discipline will be held.

A school calendar for the 1976-77 school year was approved by the board.

It was unanimously voted to repeal the "Code of Ethics" for school boards as approved by the S. A. D. #44 directors in May of 1969. A revised code recommended by the board's Policy Committee was indefinitely tabled by a 7 to 5 vote of the panel.

The board voted to request the Telstar Athletic Director and coaches to prepare a code governing participation in extra curricular activities. It was the board's expressed desire the code be completed by July 1.

S. A. D. #44 MEETING APPROVES FY 77 BUDGET AS PRESENTED

A small turnout of about 150 attended the annual budget meeting of S. A. D. #44 at the Telstar Auditorium on Monday evening of this week. Dexter Stowell of Bethel served as moderator of the two hour session.

The voters approved the \$2,146,410.50 as presented by the S.A.D. #44 directors for the 1977 fiscal year (July 1, 1976-June 30, 1977), plus \$9,000 for a S. A. D. #44 adult Education Program and \$541 as the district's share of the NOVA Adult Education Program.

The article engendering the most comments concerned approval of the budget of the Northern Oxford Vocational Area (NOVA). Questions were raised concerning the continued feasibility of S. A. D. participation in the State-mandated program. After lengthy discussion the article was approved by a 78-58 vote.

Also approved was the NOVA Adult Education budget of \$7,275 and the S. A. D. #44 share of \$541. The amount of \$9,000 for the S. A. D. #44 Adult Education Program was approved with minimal discussion.

Authorization was granted to expand the State/Local Gross Allocation of \$1,505,973.36 plus anticipated income of \$279,335.90 during fiscal year 1977. Also the amount of \$78,100 was approved as the district's share of local leeway funds.

On the article carrying a recommendation of \$283,900.24 of local funds, a motion was made to approve the article in the amount of \$283,900.24. An amendment was offered to the motion to approve that would provide the \$283,900.24 recommended in the warrant. The amendment was accepted by the meeting and the amount of \$283,900.24 approved.

Milk and It's Factory

An original by Russell Yates
Back in those good old days of yore,
When I was just a boy,
I used to like that stuff called milk.
To drink it gave me joy.
I'd drink and drink 'till sure
I would seem
Like I might well explode,
But in those days of long ago,
My tummy'd hold a load.

I used to help Pa milk those cows,
It was a dangerous place,
They'd kick the pail from 'tween
your knees,
And switch you in the face.
Their tails, you see, weren't always dry,
Might even make you mutter,
Vain words from out the Bible,
Had they laid there in the gutter.

The cats would sit there on the walk,
Behind those ornery beasts.
If milk should get spilled on the floor,
Well, then they'd have a feast.
Sometimes, us boys would take a chance
And aim a stream with might
At one of them cat faces,
Where they'd lap with great delight.
Old Brindle gave the sweetest milk
A drink of this, you see
Straight from the teat was when 'twas best,
'Twould calm your nerves, by gee.
Old Brindle was a homely brute,
His breed was hard to tell.
With stripes some like a Zebra's
But the usual Cowey smell.
But milk, Oh my! It surely was
A flavor to behold.
It had that certain something,
'Twas sweet and pure as Gold.

In Spring she'd wade through all the mud that she might chance to find,
But it wasn't always mud, you see,
That clung there on behind.
But milk today just ain't the same
as in the Good old days of yore.
Men Pasteurize and Homogenize
and Refrigerate for days,
Raw milk is something hard to find,
It's changed too many ways.
If you've forgot that luscious taste,
I surely hope, somehow,
You'll get a chance to taste that stuff,
Straight from a Brindle cow.

Milk

Milk is called the modern elixir of life. It is the most nearly perfect of human food for it is the only single article of diet, which contains practically all of the elements necessary to sustain and nourish the human system. It supplies minerals, vitamins, proteins and carbohydrates, calcium, phosphorus and minerals. These are all needed in our diet.

There are several kinds of milk: raw milk, pasteurized, homogenized, non-fat, evaporated, condensed, and dried. For many years milk was a carrier of many germs. In 1880 farmers on the outskirts of New York City milked their own cows, dumped the milk in 40 quart cans and took off to the city, selling their milk door to door from the wagon. The price was 10 cents a quart and the purchaser had to supply his own container. Years ago a man in the country milked his own cows and put it in large cans in the old cream tank filled with water and ice. A man in the neighborhood collected the cans of the farmer and carried them by horse team

Steve Blanchard, a Senior at Telstar, is employed by Earl Tyler Construction of Locke Mills. His employer and supervisor is Earl Tyler.

Steve said that most of his jobs are in the area between Oxford and Rumford. He sets up the foundation forms, pours cement, and takes the forms down, this usually being a three day job. He also does a lot of carpentry work, both rough and finish.

His opinion of the Co-Op program is very high in that he feels it has developed many useful skills in building and related subjects that only experience can. He has enjoyed what he does: "I like working with a guy who really knows what he's doing," is what he says of his employer, Earl Tyler.

Steve says he likes nature and the outdoors. Thus, he ran on the cross-country team for three years. Steve is the son of Mr. and Mrs. James Blanchard of Locke Mills.

to the nearest depot. Often times the farmer received notice that several cans of the milk had soured before reaching its destination.

Today, there are many more laws that the farmer has to abide by. Thus our milk is supposed to be free of all germs, and safe for everyone.

Like an apple a day
To keep the doctor away;
A pint of milk a day
To keep us all young and gay!

Many of the children had made

GUIDELINES ANNOUNCED FOR
LESTER BICKFORD MEMORIAL
SCHOLARSHIP FUND

The Lester C. Bickford Memorial Scholarship Fund was created in memory of Lester C. Bickford to aid students or former students of M. S. A. D. #44 who desire to further their education beyond the secondary school level.

The first award is to be made at graduation at Telstar in June of 1976, with succeeding awards annually as provided in the accompanying guidelines.

Mr. Bickford often voiced the need for extra education and because he had to "struggle" to obtain his formal education, he knew first hand the financial cost for such an education, thus in his memory this scholarship hopefully will serve as a "helping hand."

Contributors for this fund were many—including friends, relatives and business associates of Mr. Bickford.

Anyone interested must apply at the Telstar Guidance Office before the close of school on Friday, May 28.

Guidelines

Each interested person must fill out an application form.

Application form to include:

1. Financial statement for applicant and applicant's family. 2. Personal data and history of applicant: financial status of family; family census; some of brief educational background of parents or guardian. 3. Academic standards and achievement. 4. Involvement in school and/or community affairs. 5. Written statement indicating interest in this particular scholarship. 6. References: personal at least three (3) to be present by adults and no more than one (1) teaching and all being non-relatives.

Eligibility for applying Graduate of M. S. A. D. #44 Secondary School.

D. #44; provided that during her lifetime and while she is able to function in that capacity, the public representative to the screening committee shall be Mrs. Lester Bickford. Provided further that the public member shall be appointed for a period of three (3) years and shall preside at meetings of the screening committee as called by the following representative.

2. Representative with responsibilities for Counseling at M. S. A. D. #44 or its successor — Duties: 1. Issue call for annual meeting. 2. Serve as recorder of meeting. 3. Representatives of the teaching staff are to be selected by the Superintendent. At any one time, 2 of the teaching staff representatives shall be serving a one (1) year term, 2 a three (3) year term. At the first annual meeting following their appointment, the terms of teaching staff representatives shall be defined by lot.

4. A representative from investing institution (bank official). Duties: to serve as alternate chairman or vice chairman of the committee. Such representative to be selected by the Superintendent for such term of office as the Superintendent and chairman of the selection committee shall concur as advisable.

MEET RADIO'S
RELIGIOUS DISC JOCKEY

"All things being equal, the Christian should always excel." Such is the philosophy of John De Brine, a straight talking man who talks straight to today's vast audience via a multiple ministry that includes singing, preaching, teaching and printing the Good News of Jesus Christ.

Mr. De Brine, who beams his message at people in general, and young people in particular, is no novice at the art of excellence. His nationwide radio program, "Songtime," is acknowledged by industry and audience alike as one of the finest inspirational broadcasts on the air. "Youth-time," his young people's rally in midtown Boston, draws 1500 singing, clapping teenagers to that city's Tremont Temple every other Saturday night. Add to these a speaking and teaching schedule that takes him regularly across the United States, and a cassette and booklet ministry that has meant spiritual rebirth for hundreds of thousands, and you get an idea of the action-packed life of the man who has been affectionately dubbed "America's religious disc jockey."

The Reverend John De Brine is an ordained minister whose credentials include 16 years on a church staff, 11 of them as Pastor of Boston's historic Ruggles Street Baptist Church, which founded the nationally known New England Baptist Hospital where he still serves as a member of the Chaplaincy Committee.

Mr. De Brine's step from pulpit to microphone began over twenty years ago when he decided to share his collection of 8,000 religious records with radio listeners. "Songtime" was the result of that decision and the fact that it's first studio was a remodeled broom closet in the basement of the Ruggles Street Church was to have no bearing on the program's success. "Songtime" (heard locally on WRUM-FM, Rumford and WDSC-FM, Portland) is broadcast weekly on more than 100 stations

whether the family has extensive medical expenses.

2. Citizenship: Applicant should be a "well rounded person." Good morals and values, hobbies and other interests need to be evaluated.

3. Academic Achievement: Applicant need not be an "A" student. Strong emphasis placed on effort.

To make the scholarship more meaningful and personal, the person who receives the scholarship is to have a Copy of Mr. Bickford's background.

at home and abroad, and daily on a growing number of stations across the United States. It is an easy-to-take blend of contemporary music and traditional hymns interspersed with brief personal testimonies, Bible readings, tips on living, news from the Christian scene and fast moving commentary that is both informative and uplifting.

Mr. DeBrine approached radio with his "excellence" credo in mind, subsequently earning the degree of Master of Science in Radio/Television from Boston University, to say nothing of such coveted accolades as the Sigma Delta Chi and American Baptist Convention Awards and the Award of the Boston Junior Chamber of Commerce.

But in spite of an achievement record that many would envy, John De Brine remains today committed to what lies ahead. "The day I feel I have arrived is the day I will retire," he states flatly, and as an indication of how far he feels from either of those remote possibilities, he is in the process of developing a complete nine acre youth and communications complex in Braintree Highlands, Mass., minutes from Boston's South Shore.

Stereo Broadcasting studios, site of popular Bible classes, concerts, laymen's institutes and pastor's conferences, and soon to house the thousand-plus audience of "Youth-time," the Communications Center will grow to match the ever-expanding vision of its director, the man whose motto is "excellence," especially when it comes to serving his Lord.

Mr. De Brine will speak at the

Greenwood City — Andover

— Mrs. Colista Morgan, Corres. —

As the days grow longer they are less measurable, and every minute is packed with the wonders and excitement of nature. The fresh renewal of Spring has come.

For years I have lived in places that are pleasant and have been able fully to indulge my mania for birds. I have an unwearying passion for sunrises and sunsets and for the moon aloft in the darkness. I like the sound of water running free, the blessings of the trees and the shift of the seasons.

The rain with its continuous patter has made it impossible to do much outside this last week. A network of intertwining rivulets have covered the hillsides and little runnels of rainwater chattered along the roadsides.

Against the superb landscape, though, I have had MY sunshine, the birds, with their beauty and songs; also the sweet odors of young willows, and damp soil of the newly turned earth.

My feeders have been beautified with the rosebreasted grosbeaks, and so many of them. No bird is so red where it is red, so black where it is black, or so white where it is white as this one. I have counted seven pairs at one time eating the sunflower seeds. They are normally a forest bird, nesting in swamp thickets and near lakes and streams. Now they are extending to the farm. Their number however may fluctuate, appearing commonly for a few years and then suddenly becoming rare. They are admirable birds, beautiful, tuneful and useful. In some places they are known as the Potato-bug Bird for they are enemies to the pernicious pest, the Colorado Potato-beetle.

The oriole has been darting like a flame near the window to take its fruit and Mrs. to carry her nesting material, the strings which I have put out.

Even on these wet mornings the woods have rung with the loud beauty of the thrushes. They are dawn and evening music. It is well to listen to them to the last note. These resident birds mean the renewal of life in the new year.

This coming week I hope to visit the farm fields which are now alive with the bob-o-links and golden with dandelions. The lilacs spread their fragrance, the scent of which is full of mystery. I hope it won't be a grim dripping world all week. I shall then hang my cares upon the tree and go where adventures beckon to me. I'll study the paths with eager eyes if only I can get out under clear skies.

Frank Curtis entered Stephens Memorial Hospital on Tuesday where he has remained for treatment during the week. His brothers, sisters, nieces, nephews and friends have been to visit him.

Club Eight went out for dinner in Norway on Wednesday. Those attending were: Katie Tamminen, Anna Jarvenpaa, Fay Holt, Elta Morris, Doris Hayes, Ruth Hastings, and Colista Morgan. We were very sorry that our eighth member, Helen Chojacki was ill and couldn't go.

Annie Mills and I were in West Peru on Friday and called on our niece, Lucy Bragg and Phyllis Lufkin.

— Mrs. Sharon Hutchins —

On May 20 he left for Chatham, Mass., after spending nearly a month with his parents, Mr. and Mrs. Robert B. Swain, East Andover.
